

National Training on “Pre & Post Harvest Management Techniques for Seed Quality Assurance” from 30th October to 3rd November, 2017 at NSRTC, Varanasi

National training on “Pre & Post Harvest Management Techniques for Seed Quality Assurance” was organized during 30th October to 3rd November, 2017 at National Seed Research and Training Centre (NSRTC), Varanasi. The aim of the training was to emphasise on various management techniques of seeds before harvest and after harvest. The training included a series of lectures, delivered by eminent scientists and experts on various topics on relevant subject. A total of 30 participants from seed testing laboratories, seed certification agencies, National Seed Corporation and reputed seed companies attended the training. Participants were exposed to a five-day rigorous hands-on-training and modalities in Pre & Post Harvest Management Techniques for Seed Quality Assurance. Dr. S. Selvaraj, Deputy Commissioner (Seeds), Ministry of Agriculture and Farmers Welfare, Government of India was the chief guest of the inaugural session of training programme. In plenary session, certificates were distributed to participants by Dr. Arvind Nath Singh, Director, NSRTC and Chief Guest Dr. U. S. Singh, Regional Co-ordinator, International Rice Research Institute (IRRI).
