

Online National Trainings (2021-22)

- 1) Two days online National Training Programme on “Seed Testing” during september 30- October 1, 2021 by NSRTC, Varanasi.**

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Testing ” during **September 30- October 1, 2021**. The aim of the training was to disseminate the techniques of seed testing among the participants. Total **forty nine nos. of (49)** participants have been trained in this training programme. Besides the lectures, the live practical session was also conducted.

- 2) Two days online National Training Programme on “Seed Certification” during October 11-12, 2021 by NSRTC, Varanasi.**

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Certification” during **October 11-12, 2021**. In this training various information related to seed certification were disseminated among the participants. Total **forty five nos. (45)** of participants have been trained in this training programme. Besides the lectures, the live practical session was also conducted.

- 3) Two days online National Training Programme on “Seed Health Testing” during October 21-22, 2021 by NSRTC, Varanasi.**

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Health Testing” during **October 21-22, 2021**. The aim of the training was to disseminate the techniques of seed health testing among the participants. Total **forty two nos. of (42)** participants have been trained in this training programme.

- 4) Two days online National Training Programme on “Seed Testing” during November 1-2, 2021 by NSRTC, Varanasi.**

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Processing ” during **November 8-9, 2021**. Total **thirty four nos. of (34)** participants have been trained in this training programme. Besides the lectures, the live practical session was also conducted.

- 5) Two days online National Training Programme on “Seed Processing” during November 8-9, 2021 by NSRTC, Varanasi.**

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Processing ” during **November 8-9, 2021**. Total **thirty six nos. of (36)** participants have been trained in this training programme.

6) Two days online National Training Programme on “Seed Production in Oil Seed Crops ” during November 11-12, 2021 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Production in Oil Seed Crops ” during **November 11-12, 2021, 2021**. Total **twenty one nos. (21)** of participants have been trained in this training programme. Besides the lectures, the live practical session was also conducted.

7) Two days online National Training Programme on “Seed Certification” during November 15-16, 2021 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Certification” during **November 15-16, 2021**. Total **twenty two nos. of (22)** participants have been trained in this training programme.

8) Two days online National Training Programme on “Seed Production in Cereal Crops” during November 17-18, 2021 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Production in Cereal Crop” during **November 17-18, 2021**. Total **twenty three nos. of (23)** participants have been trained in this training programme.

9) Two days online National Training Programme on “Seed Packaging and Labeling” during November 29-30, 2021 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Packaging and Labeling” during **November 29-30, 2021**. Total **twenty seven nos. of (27)** participants have been trained in this training programme.

10) Two days online National Training Programme on “Seed Certification” during December 2-3, 2021 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Certification” during **December 2-3, 2021**. Total **thirty four nos. of (30)** participants have been trained in this training programme. Besides the lectures, the live practical session was also conducted.

11) Two days online National Training Programme on “Seed Health Testing” during December 13-14, 2021 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Health Testing ” during **December 13-14, 2021**. Total **twenty three nos. of (23)** participants have been trained in this training programme.

12) Two days online National Training Programme on “Seed Production in Vegetable Crops ” during December 15-16, 2021 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “**Seed Production in Vegetable Crops ”** during **December 15-16, 2021**. Total **ninteen nos. (19)** of participants have been trained in this training programme. Besides the lectures, the live practical session was also conducted.

13) Two days online National Training Programme on “Seed Storage ”during December 27-28, 2021 by NSRTC, Varanasi.

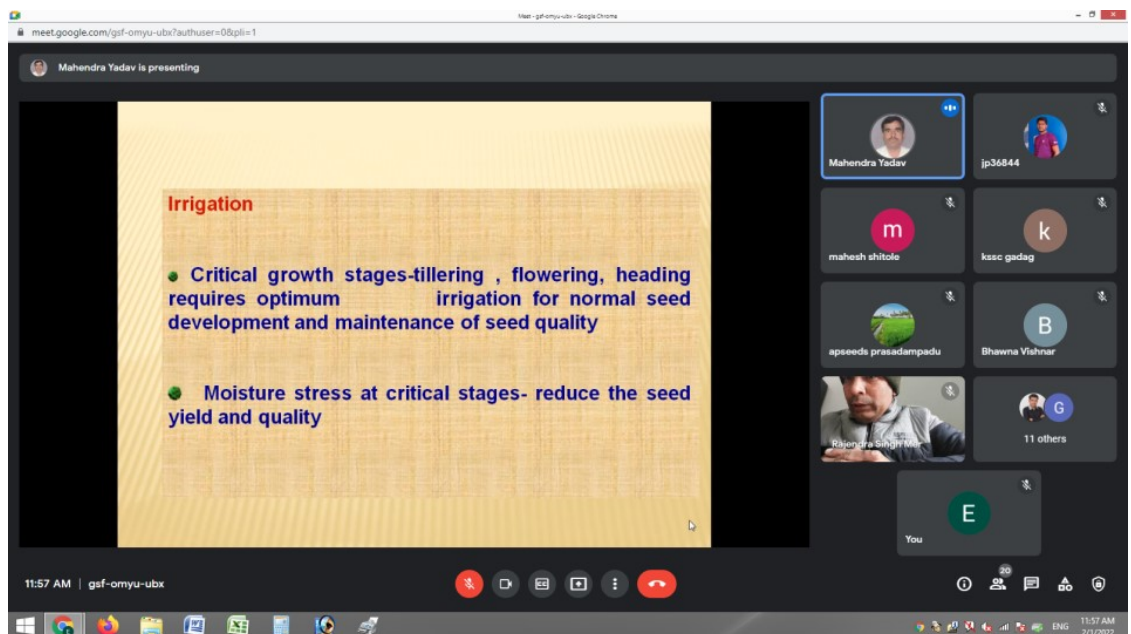

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “**Seed Storage**” during **December 27-28, 2021**. Total **twenty nos. of (20)** participants have been trained in this training programme.

14) Two days online National Training Programme on “Seed Testing” during December 30-31, 2021 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “**Seed Testing ”**during **December 30-31, 2021**. Total **fifteen nos. of (15)** participants have been trained in this training programme.

15) Two days online National Training Programme on “Management of Seed Storage Insects ” during February 1-2, 2022 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted two days online National Training on “**Management of Seed Storage Insects**” during **February 1-2, 2022** in which **twenty one (21)** nos. of participants have been trained.

16) Two days online National Training Programme on “Seed Testing ” during February 3-4, 2022 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted two days online National Training on “Seed Testing” during February 3-4, 2022 in which **twenty (20)** nos. of participants have been trained. Besides lectures, the live practical sessions were also demonstrated.

17) Two days online National Training Programme on “Seed Certification” during March 07-08, 2022 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Certification “during March 07-08, 2022. In this training various informations related to seed certification were disseminated among the participants. Total **twenty one nos. (21)** of participants have been trained in this training programme. Besides the lectures, the live practical session was also conducted.

18) Two days online National Training Programme on “Seed Health Testing” during March 10-11, 2022 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted two days online National Training on “Seed Testing” during March 10-11, 2022 in which **ten (10)** nos. of participants have been trained.

19) Two days online National Training Programme on “Seed Quality Regulation” during March 21-22, 2022 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Quality Regulation” during March 21-22, 2022. In this training various informations related to seed quality regulation were disseminated among the participants. Total Ten Nos. (10) of participants have been trained in this training programme. Besides the lectures, the live practical session was also conducted.

The screenshot shows a Google Meet interface. The main window displays a presentation slide titled "Time of harvesting". The slide contains text explaining that early harvesting leads to high moisture and immature grains, while late harvesting causes shattering and breakage. A table below the text shows the percentage of loss due to later harvesting at different stages.

Losses due to later harvesting	Percentage of loss
Harvesting at physiological maturity	0.71
Harvesting at harvest maturity	3.50
Harvesting one week after maturity	5.63
Harvesting two week after maturity	8.64
Harvesting three week after maturity	14.70
Harvesting four week after maturity	16.40

The right side of the screen shows a grid of participants: Santosh Chhuria, Mahendra Yadav, Jitendra kumar Sahoo, siva jyothi, Tarun reddy Bezawada, Radhika Chittmala, shankar koduri, and 3 others. The bottom of the screen shows the time as 12:11 PM and the date as 3/22/2022.

20) Two days online National Training Programme on “Seed Storage” during March 24-25, 2022 by NSRTC, Varanasi.

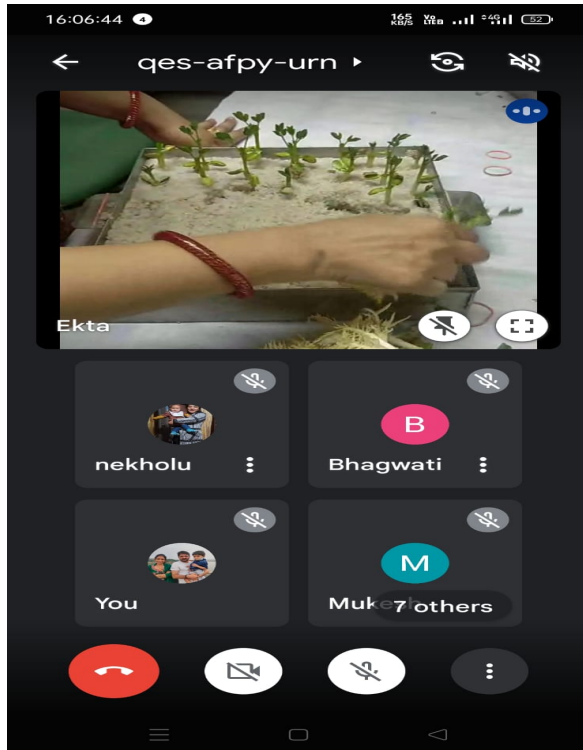

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Storage” during **March 24-25, 2022**. In this training various information related to seed storage were disseminated among the participants. Total **Thirty Two nos. (32)** of participants have been trained in this training programme.

21) Two days online National Training Programme on “Seed Law Enforcement” during March 28-29, 2022 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Law Enforcement” during **March 28-29, 2022**. In this training various information related to seed law enforcement were disseminated among the participants. Total **Thirty nos. (30)** of participants have been trained in this training programme.

22) Two days online National Training Programme on “Seed Testing” during March 30-31, 2022 by NSRTC, Varanasi.

National Seed Research and Training Centre (NSRTC), Varanasi, (UP) has conducted online National Training on “Seed Testing” during **March 30-31, 2022**. In this training various in formations related to seed law enforcement were disseminated among the participants. Total **Thirteen nos. (13)** of participants have been trained in this training programme.

Visits

1. **Chief Commissioner RBKs & Spl. Chief Secretary to Government of Andhra Pradesh (Agriculture, Cooperation, Animal Husbandry, Dairy Development and Fisheries) Dr. (Smt.) Poonam Malakondaiah, IAS** has visited the NSRTC on dated **17.12.2021**.
